CALL FOR PAPERS

12th International Conference on Civil Engineering, Infrastructure and Environment

IC - CEIE 2023

October 28-29, UBT Science and Innovation Park,
2023, Prishtinë, Kosovo

Organizers:

UBT Faculty of Civil Engineering, Infrastructure

Co-organizers:

KA-SIM –Kosova Association for Modeling and Simulation

Co-sponsor

RILEM The International Union of Laboratories and Experts
in Construction Materials, Systems and Structures

ES -Federation of European Simulation Societies

EUCEET – European Civil Engineering Education and
Training

Invitation to IC-CEIE 2023:

It is our pleasure to invite you to participate in our 9th International Civil Engineering, Infrastructure and Environment Conference (IC-CEIE). IC-CEIE is an international peer reviewed conference which publishes the work of the scientists as well as practitioners in interested areas.

This Conference is part of 12th UBT International Conference for Business, technology and Innovation. The main focus on this year will be Resilience and Sustainability.

Scope and Objectives:

The aim of the conference is to facilitate the exchange of knowledge between innovative academics, post-graduate students, doctoral candidates, young researchers, researchers and industrial experts and to share views and experiences in the related areas.

The range of topics considered by the Conference will include:

- Structural Engineering-
- Steel and Composite Constructions
- Bridges
- Reinforced Concrete and Masonry Structures
- Durability of Structures
- Energy efficiency and building materials
- Infrastructure and transport systems
- Road & Bridge engineering
- Structural dynamics

- Sustainable Building Materials
- Heritage constructions
- Computational Engineering
- Construction technology
- Engineering Management
- Hydraulic engineering
- Environmental Engineering
- Transport and Highways Engineering
- Construction and Project Management
- Civil Engineering Surveying
- Water Resources Engineering
- Water Treatment
- GIS
- Modelling of Concrete Durability
- Wind Engineering
- Optimization - Structural Optimization and Sensitivity Analysis
- Earthquake Engineering
- Timber Structures
- Nanotechnology
- Railway Engineering
- Reliability-based Design Optimization (RBDO)
- Multi-Hazard Risk Assessment
- Fire Structural Design
- Smart Materials
- Self-Healing Concrete
- Acoustic Challenges in Infrastructure
- Rock Mechanics
- Geotechnical Earthquake Engineering
- Numerical Modeling in Geotechnical Engineering
- Soil-Structure Interaction (static and dynamic)
- Soil Mechanics and Geotechnical Engineering
- Seismic Isolation
- Pavements in Infrastructure
- Assessment and Rehabilitation of Civil Structures
- Advanced Composites in Construction
- Dam Safety
- Cement Based Materials
- Concrete technology, durability and advanced material testing
- Innovative building methods
- Sustainability and life-cycle assessment of concrete materials and structures

Paper submission:

The submitted material for presentation in our conference must be original, not published or being considered elsewhere. The maximum length of the paper is 6 pages. For details regarding the accepted standards please visit our website. The papers that do not fulfill the format criteria will not be considered. RILEM will award the best paper of the IC-CEIE 2023.

Publication Opportunities:

All accepted papers for presentation will be published in peer reviewed conference proceedings and they will be hosted online on our conference website. The presented papers will be further considered for possible publication in International Journal of Business and Technology (ISSN 2223-8387), Simulation Notes Europe (ISSN 2306-0271) and other
