

LAST CALL FOR PAPERS

14th International Conference on Information Systems and Security

IC-ISS 2025

October 23, 24 & 25, UBT Science and Innovation Park, 2025, Prishtinë, Kosovo

Organizers:

UBT–Faculty of Information Systems

Co-organizers:

IEME – Institute for Enterprise Management and Engineering

KA-CASE – Kosova Association of Control, Automation and Systems Engineering

KA-SIM –Kosova Association for Modeling and Simulation

ES – Federation of European Simulation Societies

Invitation to IC-ISS 2025:

It is our pleasure to invite you to participate in our 14th International Conference on Information Systems and Security. IC-ISS is an international peer reviewed conference which publishes works of the scientists as well as practitioners in interested areas. This Conference is part of the 14th UBT International Conference for Business, Technology and Innovation. The main focus this year will be Digital Transformation.

Scope and Objectives:

This conference track explores the integration of Information Systems and Management in the era of AI, cybersecurity, and digital transformation, focusing on their role in decision-making, business optimization, and secure data management. Key topics include AI-driven business intelligence, cybersecurity strategies, blockchain for secure information management, enterprise systems, and digital governance. The objective is to analyze emerging trends, address challenges, and foster collaboration between academia, industry, and policymakers to shape the future of smart and secure information management.

The scope of the conference will cover but is not limited to:

The Evolution of Information Systems and Management in the Age of AI, Cybersecurity, and Digital Transformation

- AI and Machine Learning in Business Decision-Making
- Cybersecurity, Risk Management, and Data Protection
- Digital Transformation and Smart Business Systems
- Blockchain and Secure Information Management
- Enterprise Systems and Business Intelligence
- Innovations in E-Governance and Digital Public Services
- Sustainable and Ethical Digital Management
- The Role of Information Systems in ESG (Environmental, Social, Governance) Compliance
- Digital Twin Technology and Smart Decision-Making
- The economic potential of digital spaces
- Human-Centered AI and Ethical Decision-Making
- 5G, Edge Computing, and the Future of Connectivity
- Data Sovereignty and Cross-Border Data Regulations
- Zero Trust Security Architecture in the Digital Era
- Cybersecurity Risks in IoT and Smart Devices
- Cybersecurity Challenges in Cloud Computing and Hybrid Infrastructures

Paper submission:

The material submitted for presentation in our conference must be original, not published or being considered elsewhere. The maximum length is 6 pages. For details regarding the accepted standards please visit our website. The papers that do not fulfill the format criteria will not be considered.

Publication Opportunities:

All papers accepted for presentation will be published in peer reviewed conference proceedings and also, they will be hosted on-line on our conference website.

The presented papers will be further considered for possible publication in International Journal of Business and Technology (ISSN 2223-8387), Simulation Notes Europe (ISSN 2306-0271) and other partner and related journals. The published articles will be provided a DOI number by UBT.
